

## Description:

Replaces Part #PH-LRP-S23G The Basic Series Glass Pharmacy Refrigerators are purpose built for pharmacy and medical applications. The new Basic Series Glass Pharmacy Refrigerators feature a digital microprocessor temperature controller allowing for the precise temperature management necessary for critical samples and supplies. A forced air directional refrigeration system provides superior temperature uniformity and recovery after door openings. An automatic cycle-defrost design prevents product damaging temperature spikes. The all-new temperature display and alarm module offers product security with a monitoring and alarm system. Real-time sample simulated temperatures are constantly displayed and supported by audible/visual high and low temperature alarms. Remote alarm dry contacts and an access port are provided to simplify connections to existing facility monitoring systems.

**Environmentally friendly, natural hydrocarbon (HC) refrigerants (not containing hydrofluorocarbons) vastly reduce global-warming potential (GWP) while meeting new EPA/SNAP mandates and UL, ASHRAE compliance guidelines**

## Additional Product Images

## Details

- One swing glass door, self-closing (energy efficient, double pane vacuum insulated), right hinged, not reversible
- Four adjustable shelves (adjustable in  $\frac{1}{2}$ " increments)
- Vaccine storage power cord warning label
- Forced draft air circulation
- Keyed door lock
- Magnetic door gasket for positive seal
- Heavy duty door handle
- Swivel Casters (3  $\frac{1}{2}$ ")
- LED interior lights are safety shielded and switch controlled
- Probe access port (?)
- Powder coated steel white interior and exterior
- High density urethane foam cabinet insulation
- Hydrocarbon, natural refrigerant (R290)

- Pharmacy refrigerator/freezer toolkit and temperature logs
- One year parts and labor warranty, plus an additional four year compressor parts warranty
- **Energy Star Certified**

## Specifications

- Exterior dimensions: Width: 26 7/8" Depth: 34 3/4" Height: 81 3/4" with casters; 78 1/4" without casters
- Cycle defrost
- 115V, 60 Hz, 3 Amps, 1/5 HP
- ETL listed
- Shipping weight: 336 lbs

## Temp Controller

- Microprocessor temperature controller
- Digital temperature display
- Audible and visual high and low temperature alarms
- Remote alarm contacts
- 2 probes; 1 in air and 1 in sample bottle
- Adjustable operating temperature range: 36°F – 46°F (2°C – 8°C)
- Calibrated using a NIST traceable device, certificate included
